Fence, \$4.00

The DeLuxe INK-VUE is the largest and finest of Waterman's new visible ink pens. As in all pens of this type the ink supply is visible at all times and thus tells you when to refill. Trouble-making springs, pistons and packing usually found in a visible ink pen are absent in an INK-VUE pen! The patented "Double Action Lever" assures simple and positive filling—and locks down without ejecting ink. This feature and the simplified design—allowing a bigger reservoir—permit INK-VUE pens, size for size, to carry more ink than any other visible ink pen.

The Lady Patricia is designed from cap to tip for the modern woman. It is not only a perfect writing instrument but it is attractive enough to be used as a prized accessory in her handbag. Delightful, jewel-like designs. Slender grip. The smart clasp secures Lady Patricia upright in any handbag. Polished disc on top of cap for engraving.

The Lady Patricia Ink-Vue has all the beauty of design of the Regular Type of Lady Patricia and, in addition, embodies Waterman's patented Ink-Vue features—that tell when to refill pen. Easy to fill. Larger ink supply.

PURPLE—Soft fine
Writes a fine line
from low. Ideal for
longer duration. Firm
enough for carbon
copy. Write over
dark or black.

PINK—Flex fine
An open-soft, even
flexible pen. It
will slide at any angle
for finest, smooth
hand and other ex-
traordinary qualities.

BROWN—Flex
A fully tapered, open
flexible pen. Write
smoothly with vigor
and accuracy. Good
for bookkeeping and
legibility of writing.

RED—
An open-soft
flexible pen. It
will slide at any
angle for finest, smooth
hand and other ex-
traordinary qualities.

Points described above are available for any Waterman pen. They are shaped, tempered and ground to deliver being different and identified by a color for easy selection, such as Fine Accountant, stiff and needle fine—All. Thus, one may secure a point to suit any handwriting, Stenography, Manifolding, Music Writing, etc.

WHY WATERMAN'S PEN

Waterman's Pens are made of the very finest of materials of fine fountain pen making. Each Waterman's Pen embodies every modern feature that could possibly be made, 14-kt. gold iridium tipped point—and its quick-starter—writing lastingly upon touching the paper.

All Waterman's—Regular Type and INK-VUE'S unbreakable material and are perfectly balanced for the name "Waterman's" on a fountain pen is

Handwriting or Writing Vocation

SELECTION CHART

Standard
An improved, standard fountain pen with a new blue-black ink.

GREEN—Rayd
A durable ball point ink which will not fade even under pressure. Best for carbon copy work. Smooth, gliding point.

YELLOW—Rounded
Writes a bold, heavy line on both the ball-point and ball-point fountain pens. Writes smoothly on any paper in any direction.

BLUE—Slant
An improved, slant, ball-point pen. Makes a bold, or thin stroke. Good for address when held pen between first and second fingers.

men's in this catalogue except Waterman's Junior, in a certain point action—each of the seven points in section. In addition, we make various special points (Six' Point—Music Point—Oblique Slant, etc.) for writing or writing vocation—as Bookkeeping, Accounting, etc.

WE ARE PERFECT WRITERS

Historians and with a skill born of over a half-century not only beautifully styled—from tip to cap—but enhance its writing service. Because of its perfectly technically correct ink-feed—each Waterman's is a pen and without skipping or flooding. —have an ample ink capacity. Holders are made of comfortable, non-irritating writing. (our guarantee of years of perfect writing service)

For every Waterman's Fountain Pen there is a perfectly matching pencil. And whether a fountain pen is bought singly—or forming a set with a pencil—it can be had enclosed in a handsome, free, presentation box.

The Nos. 92 and 92V pens—and the Nos. 3 and 3V pens on opposite page—represent the most outstanding values in fountain pens at their prices. They are perfect writing instruments in every particular. Pens are of Waterman's famous lever-filling type—a simple, efficient method of filling that has proven popular. They are especially suitable for boys and girls at school—and for the many adults who prefer a moderately priced pen in these days.

Waterman's Ideal Inks

Well Top, Tip or Bottle, Green colors, No. 120 Blue Black, No. 122 Green, No. 301 Violet, No. 302 Red, No. 303 Blue, and No. 70 Jet Black.

Waterman's Ideal Inks are absolutely the best for your fountain pen and for general use. They are skillfully made from the very finest of raw materials—and are uniform in color and free from clogging sediment.

Waterman's Blue Black and Jet Black Inks are permanent, non-fading record Inks. Unequalled for use on bank checks, office records or wherever it is essential that the writing be preserved in a permanently legible state.

Waterman's Blue Ink writes a bright blue. Because it is so easily washed from hands or fabrics with ordinary soap and water it is the ideal ink for school use.

Waterman's Green, Violet and Red Inks are made in beautiful colors for many useful purposes in offices, schools and homes.

THE WELL TOP BOTTLE

You'll be intrigued by the convenience of this most unique fountain pen bottle! No matter how little ink remains in the bottle, it can be instantly transferred to the "well" at the top. And unlike other containers of this character, the "well" occupies the entire middle of the bottle's extra wide and deep neck.

Just turn the bottle upside down. Ink completely fills well. Then flip bottle back to its base. Ink has risen and well-mouths may reach a fountain pen. A secure but easy-to-open screw cap seals the container.

CORRESPONDENCE INKS

Are beautiful and unusual colors to match or harmonize with tinted personal correspondence papers—Azul Brown, Turquoise Green, Softest Sea Blue, Pastel Pink, Purple, Spanish Tint and Jet Black. Dainty bottled—16 cc. each.

DE LUXE TIP-FILL

The extra, recessed facets of the 4 oz. container of Waterman's Blue Black Ink make it attractive enough for any office desk or home secretary. Tipped or side, it allows a pen to get all of the ink. Watermark, Mottled screw cap. Generous 4 oz.—25¢.

Pen Out. So who is simple and primitive in applying—penning ink in a few seconds.

Tip-Fill Bottle: 2 oz. 15c each. No. 120 Blue Black, No. 122 Green, No. 301 Violet, No. 302 Red, No. 303 Blue, and No. 70 Jet Black.

TIP-FILL BOTTLE

Above is shown Waterman's standard 2 oz. bottle—a good-looking and very convenient ink container. Its Tip-Fill feature is especially appreciated. When ink gets low, bottle may be tipped to new base (as shown above)—thus discharging the ink and allowing a fountain pen or dip pen to get the last drop. Wide wide neck. Sealed with secure screw cap.

COMMERCIAL SIZES WITH POUR-OUT

Business Offices, Schools and other large users of ink will find it decidedly economical to buy their Waterman's ink in large containers equipped with our convenient, patented Pour-Out Device which allows small individual bottles to be quickly and cleanly filled as desired.

One Bottle Jet Black, One Green, Water A. Each lists basic the same price. In these sizes:
One Gallon, with Pour-Out Device \$1.00
Half Gallon, with Pour-Out Device 1.25
One Quart, with Pour-Out Device 1.50
One Pint, with Pour-Out Device 1.75
Half Pint, without Pour-Out Device .65
